Why You Should Help

- Federal Impact Aid is a **PARTIAL REIMBURSEMENT** to the school district for educating federally connected students attending public schools
- Families of federally connected students pay less in taxes into the school district than local residents; taxes that fund public education
- Federal Impact Aid funds pay for teacher salaries and school programs, materials, equipment and supplies
- Every card not returned means funds lost to Hawaii classrooms statewide
- Hawaii has the highest number of military dependent children per capita in the nation (greatest impact on local schools)

How You Can Help

- Complete and return your Federal Survey Card promptly (Active duty status National Guard and Reservists included)
- Educate yourself on the Impact Aid Program
- Communicate with your Congressional Delegation regarding the need to more adequately fund the Impact Aid Program
